GROWING FOR GOOD

At Spier, everything is guided by a single intention: to leave the land and community better than they were found. This is what Spier calls growing for good, a philosophy woven through the everyday decisions made across the farm, cellar, hotel, restaurants and supply chain. It shapes how Spier cares for the land, supports its people and works with its partners, sending out a ripple of lasting, meaningful change and creating shared value from the way it does business.

A LIVING ART GALLERY

Art is as much a part of Spier as good food and wine are. With more than 30 sculptures and 1000 artworks across the farm, guests are able to enjoy the experience of moving through a large, living gallery. Interactive, engaging and provocative, the Spier Arts Collection is one of the country's largest contemporary collections of Southern African art.

RETAIL WITH A REASON

Spier offers guests unique retail experiences, focused on quality and beauty. Shop award-winning wines from the wine shop, farm-fresh food, beautiful fragrances and elegant homeware at the Cowshed shop, or quintessentially South African goods from the hotel shop.
